

Creator Identity Kit

Persona, pillars, niche, content type. Chaar faisle jo har video se pehle ho jaane chahiye. S1L3 ke Gemini output se yeh bharo.

EK BHI VIDEO SE PEHLE

Mera Creator Persona

Yeh panna bhare bina aage mat jao. Screenshot lo, yeh tumhara reference hai.

Mera naam / channel name

ANGSUMI

Mera niche

PhD Research x Bioinformatics x Data x Coding

Meri audience

Research scholars, PhD students & life-science learners who want research data, bioinformatics and coding explained simply.

Meri superpower

Turning confusing research data and technical workflows into simple, visual, practical stories.

Ek line mein mera creator statement

Main research scholars ke liye science, data aur code ko simple content mein badalti hoon, taaki woh apne research ko better understand, analyse aur communicate kar sakein.

Yeh sab Gemini output se aata hai. Output nahi hai? Identity prompt dobara chalao, phir yeh panna bharo.

Mere Teen Content Pillars

Pillar = ek topic jisme tum consistently bana sako. Teen pillars = teen wajah follow karne ki.

PILLAR 1	PILLAR 2	PILLAR 3
Topic Bioinformatics & Research Data	Topic Coding & Building	Topic Real PhD Life & Data Stories
Video idea A What actually happens after RNA-seq sequencing?	Video idea A I built a tiny Python tool because I was tired of doing this manually.	Video idea A POV: your code finally ran successfully... but you don't know why.
Video idea B What is your PCA actually trying to tell you?	Video idea B Turning a research problem into a simple web app.	Video idea B Same data. Completely different impression: ugly figure to publication-ready.

Teeno pillars alag hone chahiye. Warna audience ko lagega same video baar baar aa rahi hai.

Mera Content Type Aur Tone

Ek content type choose karo aur apni awaaz define karo. Dono ek panne pe.

CHOOSE	Ek type tick karo	DEFINE	Meri awaaz
☒	1. AI Character Beauty, Lifestyle Gemini image + Hedra	Main audience se kaise bolunga / bolungi? Jaise ek smart research friend samjha rahi hoon - simple, curious, practical; English + natural Hinglish.	
☐	2. AI Voiceover Finance, Education ElevenLabs	3 words jo mera style batate hain CURIOUS • CLEAR • GROUNDED	
☐	3. AI Screen Walkthrough Tech, AI Tools CapCut + screen record	Jo main kabhi nahi karunga / karungi Fake expertise, exaggerated claims, forced clickbait, jargon for show, or making every post a sales pitch.	
☐	4. AI Visual Storytelling Motivation Gemini + Pixverse		

Ek se zyada type use kar sakte ho. Lekin pehle ek chuno aur 10 video usi mein banao.

Chaar AI Content Types

Kaunsa type kis niche ke liye, kaunsa tool, aur screen pe kya dikhta hai.

Type	Best niche	Main AI tool	Screen pe kya dikhta hai
AI Character	Beauty, Lifestyle	Gemini image + Hedra	AI-generated face giving tutorial
AI Voiceover	Finance, Education, Tech	ElevenLabs	Text, charts, stock visuals over AI voice
AI Screen Walkthrough	Tech, AI Tools	CapCut + screen record	Creator ka phone screen + captions
AI Visual Storytelling	Motivation, Dark Psychology	Gemini + Pixverse	AI-generated scenes over voice

Pehla video kaunsa banao?

Jo type tumne tick kiya, usi mein. Type badalna baad mein.

Ek se zyada type?

Chalega, lekin 10 video ek hi type mein karne ke baad.
